*+PLUS*

*Special Care for Special Needs*

Since 1913, MMSC has been a health care leader offering personalized solutions to today's health care needs. We never forget that health care is more than just treating symptoms; it's caring for the individual and special needs of each patient. MMSC Home Care Plus provides the quality of care found in a hospital coupled with comfort found in your home.

Our case managers constantly monitor each care plan assessing the patient's progress and revise treatment programs if necessary. This individualized method of service is both cost-effective and quality oriented.

### ***Evaluating Personal Health Care Needs***

We begin our health care program with a thorough evaluation of the patient. A registered nurse will then coordinate treatment and therapy recommendations under the physician's direction while continually collaborating with the entire healthcare team.

All of our nurses, therapists, and home health aides are licensed or certified according to state and federal regulation.

### ***Flexible Service to meet our Customer's Needs.***

We provide health care services on a daily, weekly, or monthly basis. Home Care Plus is available 24 hours a day, seven days a week. An RN is never more than a phone call away.

 provides services in Marshall and Tama counties, and Grundy and Hardin counties from highway 175 and south.

The speciality services available that  provides:

*Our  
Goals*

1. To allow patients to remain in their desired settings as long as feasible.
2. To assist the patient and family to maintain as normal a lifestyle as possible.
3. To provide the patient and family with health teaching directed toward mutually agreed upon goals of health promotion and increased understanding.
4. To support the patient and family in making knowledgeable, independent judgements and decisions concerning health care.
5. To facilitate the attainment of the patient's optimal level of rehabilitation.
6. To provide the highest quality of restorative supportive and preventive health care services in the patient's place of residence.
7. To provide comprehensive, quality, patient centered health and welfare services that meet the patient's unique physiological safety, psychological, self-esteem and self-actualization needs.
8. To augment care and services provided by our community, hospitals, nursing homes and other members of the community health care team through the provision of a full range of home and public health services.
9. To provide employment opportunities for individuals in a fair, safe and professional business atmosphere with equal opportunity for all.
10. To work with other organizations. To collaborate on solutions to problems that threaten the health and well being of residents in our

*Our  
Mission*

Our mission is to, at all times, render high quality, comprehensive, safe and cost effective home health care and public health services to individuals in need. Care provided is based on Home Care <sup>+plus</sup> principles, the patient's informed choices, and the highest medical and ethical standards.

---

*Our  
Philosophy*

It is the philosophy of Home Care <sup>+plus</sup> that every individual has the right to optimum preventive, supportive, and restorative public and home health care services. Each individual is entitled to receive health services regardless of age, race, color, creed, religion, sex, national origin, handicap, status as a Vietnam era or special disabled veteran, or sexual preference.

---

*Our  
Values*

We value quality, teamwork, integrity, education, empowerment and compassion. We strive to honor these values in all interactions with our
